NBO MONEY MARKET FUND | July 2025 Fact Sheet

Money Market Fund

An open-ended fixed income fund investing in money market instruments. A relatively low-interest rate risk and moderate credit risk.

Investment Objective

The primary objective of the Scheme is to generate regular income through investment in a portfolio comprising substantially of money market instruments. The fund shall invest in multiple fixed income instruments, few of them such as call accounts, fixed deposits & Wakala.

Fund Report

NBO Money Market Fund has been able to gradually increase the return from inception which currently stands at 4.64%. The fund's appeal with no entry & exit charges along with flexibility of daily subscription & redemption provides investors with a great investment & cash management tool.

Market Commentary

Global financial markets continue to be influenced by monetary policy outlook, with several major central banks including the US Fed maintaining their rate during their respective July meeting. The outlook for second half of 2025 remains highly sensitive to US fed's magnitude of rate cut and any trade tariffs related impact on inflation & growth. The U.S. 10-year Treasury yields hovered near 4.36% anticipating FED's willingness to let go off the holding pattern on the interest rates. Omibor currently stands at 4.30%.
